

Steps Together is a Hillsborough based 501(c)(3) organization that supports Somerset County families facing a medical crisis.

Since its inception in 2013, Steps Together has paid out more than \$700,000 to help more than 60 local families meet the often-staggering financial obligations caused by an unexpected medical crisis. In addition, we've rallied a community of emotional support and brought awareness to the conditions impacting them.

We want to share with you our plans for upcoming year and invite you to pay your blessings forward with Steps Together.

Our funding and awareness effort comes primarily from four signature events conducted throughout the year, each of which are on the calendar for 2019. Not included in this list are the many events organized on our behalf by gracious people in the community. We invite you to visit the specific webpage for each event to learn more or consider becoming a COMMUNITY PARTNER in 2019.
