

Pay your blessings forward this holiday season. Gift cards left here will be shared with local families facing a medical crisis.

www.steps-together.org

Steps Together is a Hillsborough based 501(c)(3) organization that supports Somerset County families facing a medical crisis.

Since its inception in 2013, Steps Together has paid out more than \$700,000 to help more than 60 local families meet the often-staggering financial obligations caused by an unexpected medical crisis. In addition, we've rallied a community of emotional support and brought awareness to the conditions impacting them.

Our beneficiary families are focused on caring for their loved ones and seeking treatment all while trying to maintain their jobs and family commitments. Time and money are scarce when facing a medical crisis, a reality that is only compounded during the holiday season.

Anyone wishing to purchase direct from the wish lists of our families can visit www.steps-together.org/gifts

Gift cards left for specific families will be forwarded accordingly.
